Nominating Committee.
Saturday, July 2: Brotherhood meeting.

Daily Vacation Bible School was held last week, with a total enrollment of 235, and 146 in average attendance. The highest attendance was 226 and the lowest 193 on the first day. There were 49 workers and six others furnishing transportation. The immediate fruits were 15 making profession of faith in Christ as Saviour, 8 of these presented themselves for church membership on last Sunday, and others will be coming this next Sunday. We are grateful for all who had a part in any way.

We have 24 people attending the Eagle Eyrie Baptist Training Union Assembly this week. Miss Audrey Evans will be speaking in the Young People's tournament Tuesday, and others will be coming for that service.

EXPERIENCED EVANGELIST AT MEMORIAL METHODIST

The Methodist Church will be engaged, this coming week, in an intensive evangelistic effort.

As an assistant to the pastor, the Rev. R. A. Bergdoll, the evangelistic committee of the church has secured the services of the Rev. Robert R. Diverspike, of Meridian, Miss. Formerly of Pennsylvania, the Rev. Diverspike is an experienced worker and preacher in the field of evangelism. In August he will finish his forty-ninth year in the ministry. At that time he will be back preaching in the same old Meeting where he began forty-nine years ago.

He formerly has been a resident of Virginia. He served pastorates for thirty-three years. During that time he was president of the County Sunday School Association in Jefferson County, and later organized the County Association.

Rev. Diverspike has served in evangelistic field for fifteen years preaching in local churches, union meetings, camp meetings, and conventions. He was in command for revivals and camps while serving pastorates.

In his early ministry, he held a revival in an unchurched community in Michigan. The Methodists and Presbyterians both ventured a Sunday School, but without success. Under the challenge of the Gospel, the community was awakened spiritually. Scores of folk, young and old, were converted and born into the Kingdom of God. Those who were given over to Rev. Johnson, the Methodist pastor in Beaverton, Mich. He organized a Methodist class and built a lovely stone building. Out of that revival came two very successful ministers of the gospel.

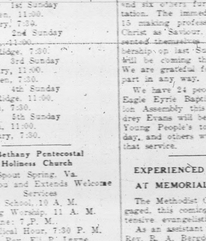
Having preached the gospel in 23 different states, Rev. Diverspike knows the spiritual pulse of the nation.

Rev. Diverspike will be speaking on the following themes: "The Hole in the Wall," "Open Up the Drafts," "Why Tarry," "The Greatest Prayer Ever Prayed," "Something Happens When God Comes In," "Some Observations," "When God Comes, What!"

In these uncertain days we need something certain. The Gospel has a sure word of promise and hope. Hear that word at the Memorial Methodist Church.

Yankees take over lead in the American League.

Play safe — drive carefully.



For there stood beside me this night the angel of God, whose I am, and Whom I serve.—(Acts 27:23)

The wonderful, all-enveloping presence of our Heavenly Father, His love and protection. His never-ending good, are ever with those who love and serve Him, whose surrender to His will and guidance are complete, without reservation.

'Fire Hoses' On Sun Spray Atom Particles

WASHINGTON — The sun has big "fire hoses" shooting into space. When, as the sun rotates, one of them happens to spray the earth with stream of infinitesimally minute atomic particles, the result is a big magnetic storm, which causes disruption of radio communication through wide areas of the world and a great display of the aurora or northern lights.

Such storms can sometimes be forecast, it now appears, by observing the intensity of certain visible-light lines—especially one green line emitted by highly-ionized iron atoms—in the spectrum of the corona, the "crown" of pearly white luminescense which always surrounds the sun but can be seen by the naked eye only during the brief moments of solar eclipses.

The brightness of this green line on the sun and the occurence of certain magnetic storms on the earth are probably associated, according to a report from the Harvard College Observatory.

Auto Warning Device Would Alert Drivers

CHICAGO—The hazards of driving in fog, rain, snow and darkness could be greatly reduced by means of a small radio device behind the grill of your car.

This is the opinion of Richard B. Schulz, program development coordinator in the electrical engineering department at Armour Research Foundation of Illinois Institute of Technology.

Schulz believes that the nation's highway toll could be cut considerably by means of a "proximity warning device" which would let the driver know of approaching vehicles out of his range of vision.

Bell Experimented

WASHINGTON — Dr. Alexander Graham Bell, inventor of the telephone, was experimenting with jet-powered flying propellers, which he called "winged gyroscopes," more than a decade before the Wright Brothers made their first successful flight at Kitty Hawk.

DEATH

MISS ADDIE W. ROUTON

Miss Addie Walker Routon, 86, died at 6:30 P. M. Monday at her home, Rock Spring Farm, Route 2, Concord, after a long illness.

Born July 25, 1874, in Appomattox County, she was the daughter of John A. and Mary Gantt Walker. She was a member of the Hebron Baptist Church.

She is survived by several cousins.

Funeral services were conducted Wednesday at 11 A. M. from Robinson Funeral Home in Appomattox by Rev. J. P. Leitner and Dr. W. Twyman Williams. Mrs. Ann Boyd rendered a solo, accompanied by Miss Peggy Godsey at the organ. Active pallbearers were: Clayton Scruggs, Carlyle Scruggs, John Davis, Wilton Routon, Shelton Routon, and Walter Routon.

ROBERT R. WILLIAMS

Robert Robertson Williams, 58, carpenter, died Friday at 5:15 A. M. in a Richmond hospital, after an illness of six months.

Born in Appomattox County Jan. 10, 1902, he was a son of Emmette F. and Martha Jane Mosstes Williams. He was a member of Pamplin Methodist Church and of Farmville Odd Fellow Lodge and was a veteran of World War II.

Survivors include five sisters: Flora Belle Williams, and Mrs. Ruby W. Clark, both of Pamplin; Mrs. Thomas E. Caldwell, Lynchburg; Mrs. C. Vest Wingfield, Concordia, S. C.; and Mrs. Harold Southern, Norfolk; and by three brothers, Howard T. Williams and Woodrow W. Williams, of Pamplin, and William Bascom Williams, of Richmond.

Funeral services were conducted at 2 P. M. Sunday from Robinson Funeral Home in Appomattox, by Rev. C. P. Price and Rev. J. L. Simpson. Pallbearers were: Richard Williams, Allen Wilkinson, Tommy Williams, David Williams, Sr., Edward Davis, Coley Ramsey, Wilson Oakes and John Henry Ransom.

Lime Plant No. 2 News

Lime Plant No. 2., June 22.- Warren Hall, of La Mesa, Calif., is visiting his parents, Mr. and Mrs. Sunday by jet plane to Washington Airport, and will be met by Mr. and Mrs. J. His brother, Capt. Hall, met him in Washington.

Others visiting on Sunday were Mrs. Hall's daughter, Mrs. Bingham and Ann, Charlotte, and family, Mason, Dennis, Sandy, and Miss. Sue Ann.

On Monday, Mrs. Hall's sister, Miss Lizzie Lyle Dorrier, Concord, visited Mr. and Mrs. Moore and family.

Vacation Bible School at the Mt. Comfort Baptist Church, with good attendance.

Mrs. Grayson Martin attended the annual Virginia Methodist Conference, as the Appomattox delegate, at Mary Washington College in Fredericksburg.

We welcome the Rev. and Mrs. Smith back for another year.

At present he is on a trip to Southern Europe and he will be gone until July 8.

Mrs. J. C. Moore is improving, and we hope to see her back in church soon.

Agriculture Teachers Launch Into Summer FFA Program

saying "work never ends" ...er could be equally as ...e vocational agriculture ...ecial agriculture teachers ...ady launched into their ...rs program. Mr. H. B. ...Mr. W. L. Motley, local ...have been busy visiting ...Southern, Norfolk; and by three brothers, Howard T. Williams and Woodrow W. Williams, of Pamplin, and William Bascom Williams, of Richmond.

Funeral services were conducted at 2 P. M. Sunday from Robinson Funeral Home in Appomattox, by Rev. C. P. Price and Rev. J. L. Simpson. Pallbearers were: Richard Williams, Allen Wilkinson, Tommy Williams, David Williams, Sr., Edward Davis, Coley Ramsey, Wilson Oakes and John Henry Ransom.

culture department. The group saw a movie on sprinkler irrigation and discussed the same project. They planned a picnic meeting for July. Young Farmer work goes on continuously throughout the year. Mr. Motley is advisor to this group.

On July 4th a group of FFA boys accompanied by Mr. Motley will attend the FFA-FHA Camp on the James River near Smithfield, for one week. During July Mr. Pack will travel to Mackinaw, Michigan, where he will serve as one of the judges for the James F. Lincoln Arc Welding Foundation Award Program. This program each year awards $7,000.00 in prizes to high school students for outstanding work which involved electric welding.

The week of August 8 through 12, will find all three local instructors attending the State Vocational Teachers Convention at V. P. I. in Blacksburg. In addition to the special items mentioned above, there is the main part of the summer program. This is the visiting of more than 100 FFA members to see if they are carrying out their home-project programs, keeping records on them, and if they need any special help during the summer. During this visiting, also the instructors try to help the boys line up good livestock and other items to be prepared for showing in the fairs and farm shows next fall.

In addition to visiting FFA-Vocational Agriculture students, there are about 15 young farmers who are visited and helped; some 90 adult farmers on the list for visiting and aiding if possible; and two canneries to keep in operation. Besides this, an inventory of shop items and other teaching supplies must be taken and orders placed to line up things for the coming school year. Shop tools and equipment must be given a going over to see that they are in good shape for the fall school term. A program of Work outlining plans for the coming year must be prepared and submitted to the Supervisors.

The above are some of the things which help to keep the vocational agriculture instructors busy during the summer.
